Dear valued clients,

Our mission is to deliver a seamless and secure way to own physical gold, regardless of where you do business. We are pleased to inform you about our partnership with Wise, a platform that allows you to fund your Vaulted account with any currency.

Wise exchanges your currency to USD at the lowest rates, allowing you to transact from your device safely and efficiently. Learn more about Wise [here](#).

## Wise Instructions:

1. Visit [www.wise.com](http://www.wise.com) and open your free account.
2. Under **Account**, click **Open**. Choose your desired currency.
3. Click **Get account details**. Verify your identity. You will be assigned a routing and account number, just like a regular bank account.
4. Click **Add** to add funds to your Wise balance.
5. **Convert** your currency to US dollars. Conversions should be reflected in your account immediately.
6. Link your Wise account directly to Vaulted via Plaid. (Open the Vaulted app, go to the **Funding** tab, click "Link Checking Account," search for Wise, and follow the instructions.)
7. Transfer as much cash as you like! Your Wise account functions like a bank account which is securely linked to Vaulted.

It's that easy! Wise is an amazing tool; we hope it helps you optimize your experience with Vaulted. If you have any questions, please do not hesitate to reach out to your advisor or our support team at [info@vaulted.com](mailto:info@vaulted.com).

2. Click the green **Send Money** button in the top left corner.

- Routing & Account Number of the bank account originally connected to Wise (we must send the funds back to the same account they were originally transferred from, unless proof of account change is provided)
